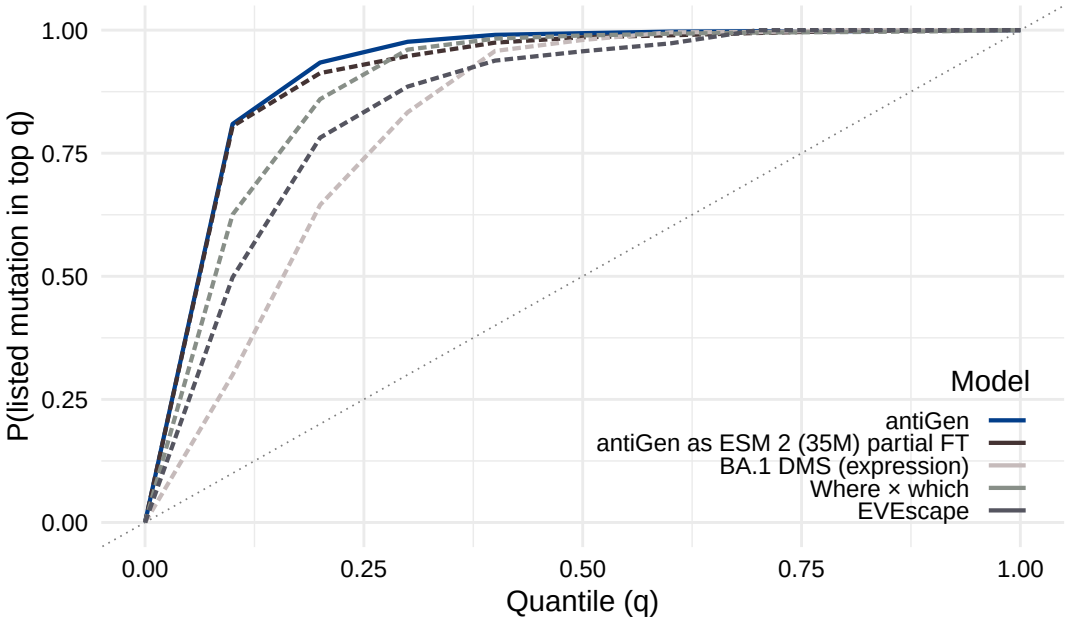
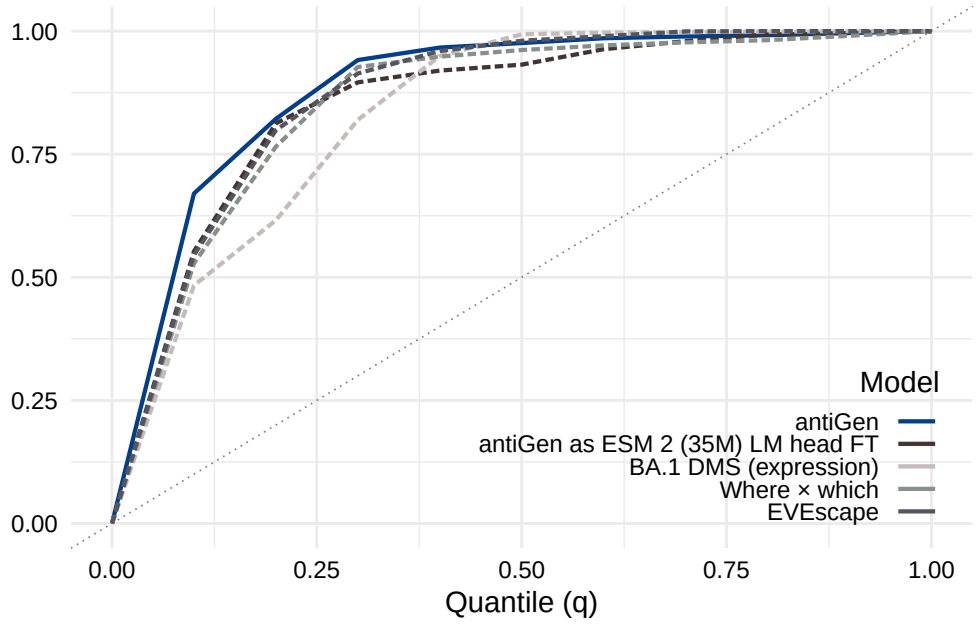
Model type: antiGen | antiGen Finetunes | Deep Mutational Scans | Pandemic Data in Training Window | Pre−Pandemic Data Only

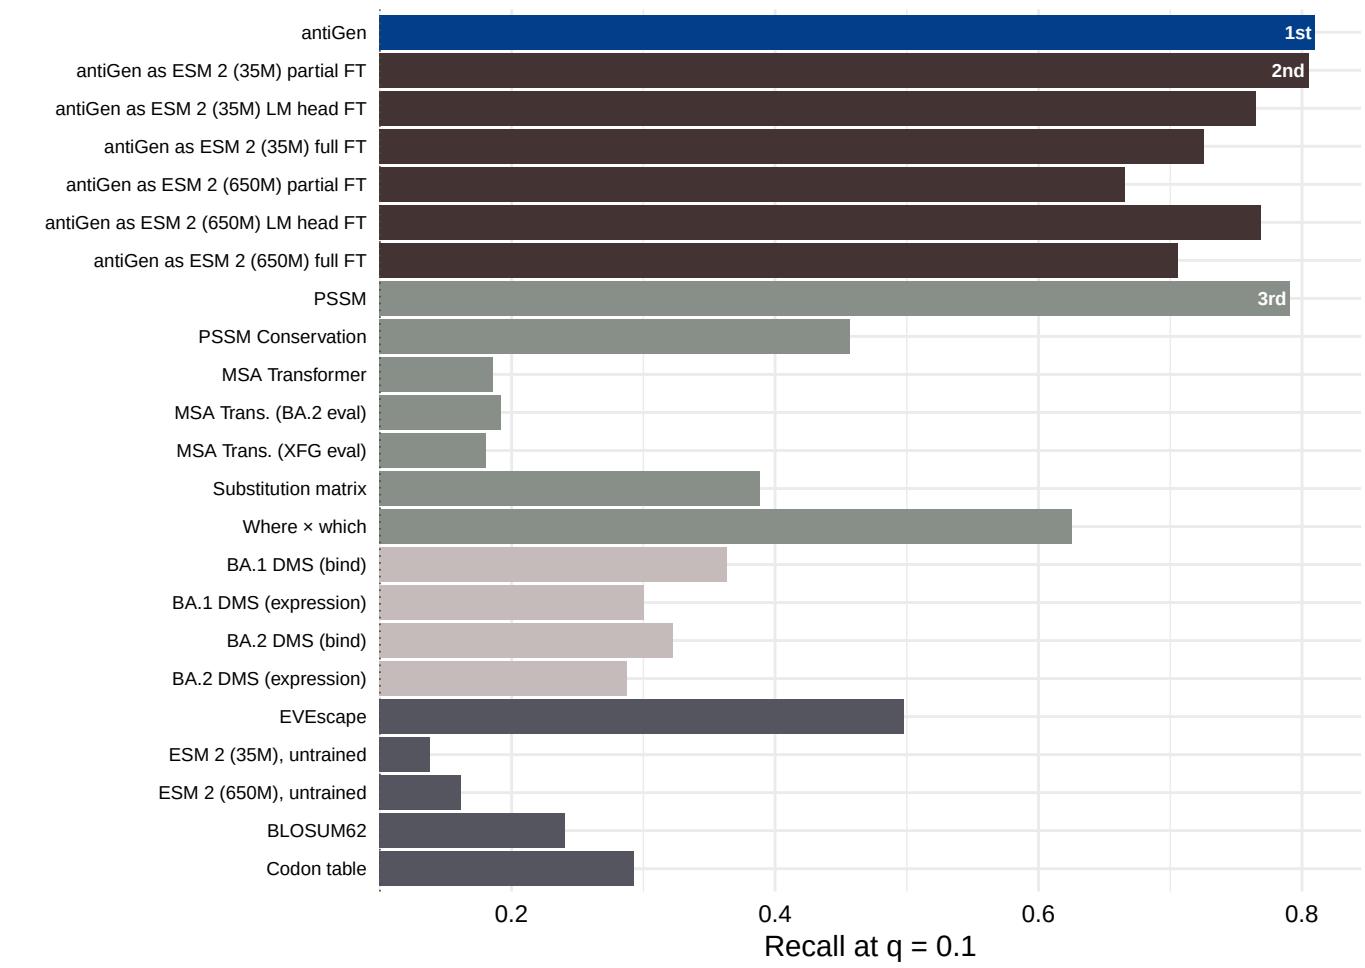
A Recall, all list cells, event−weighted [20 AA, revised corpus]



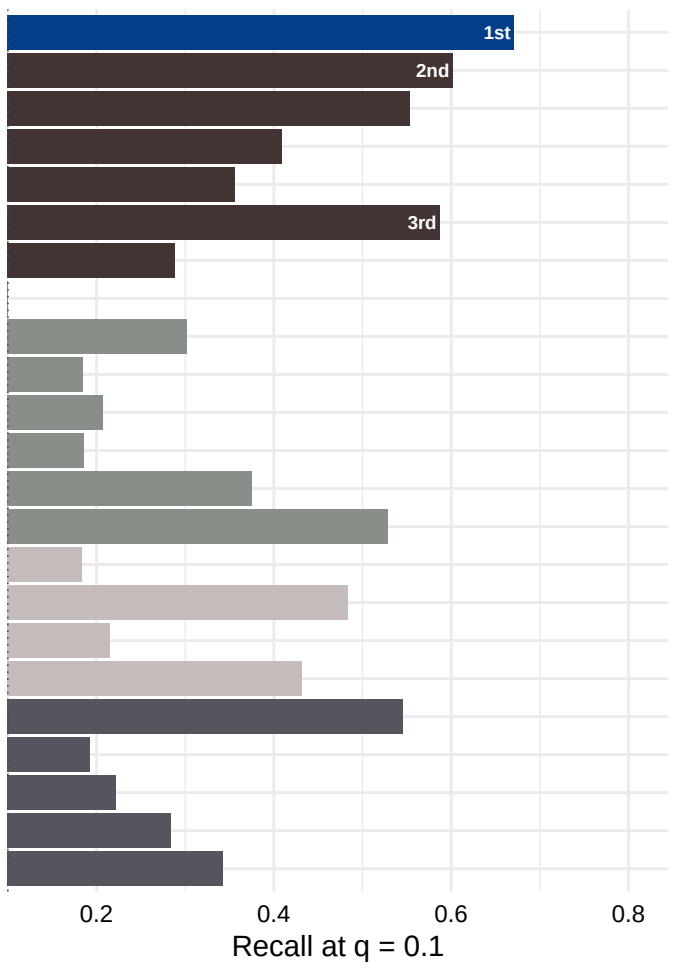
B Recall, de novo, event−weighted [20 AA, revised corpus]



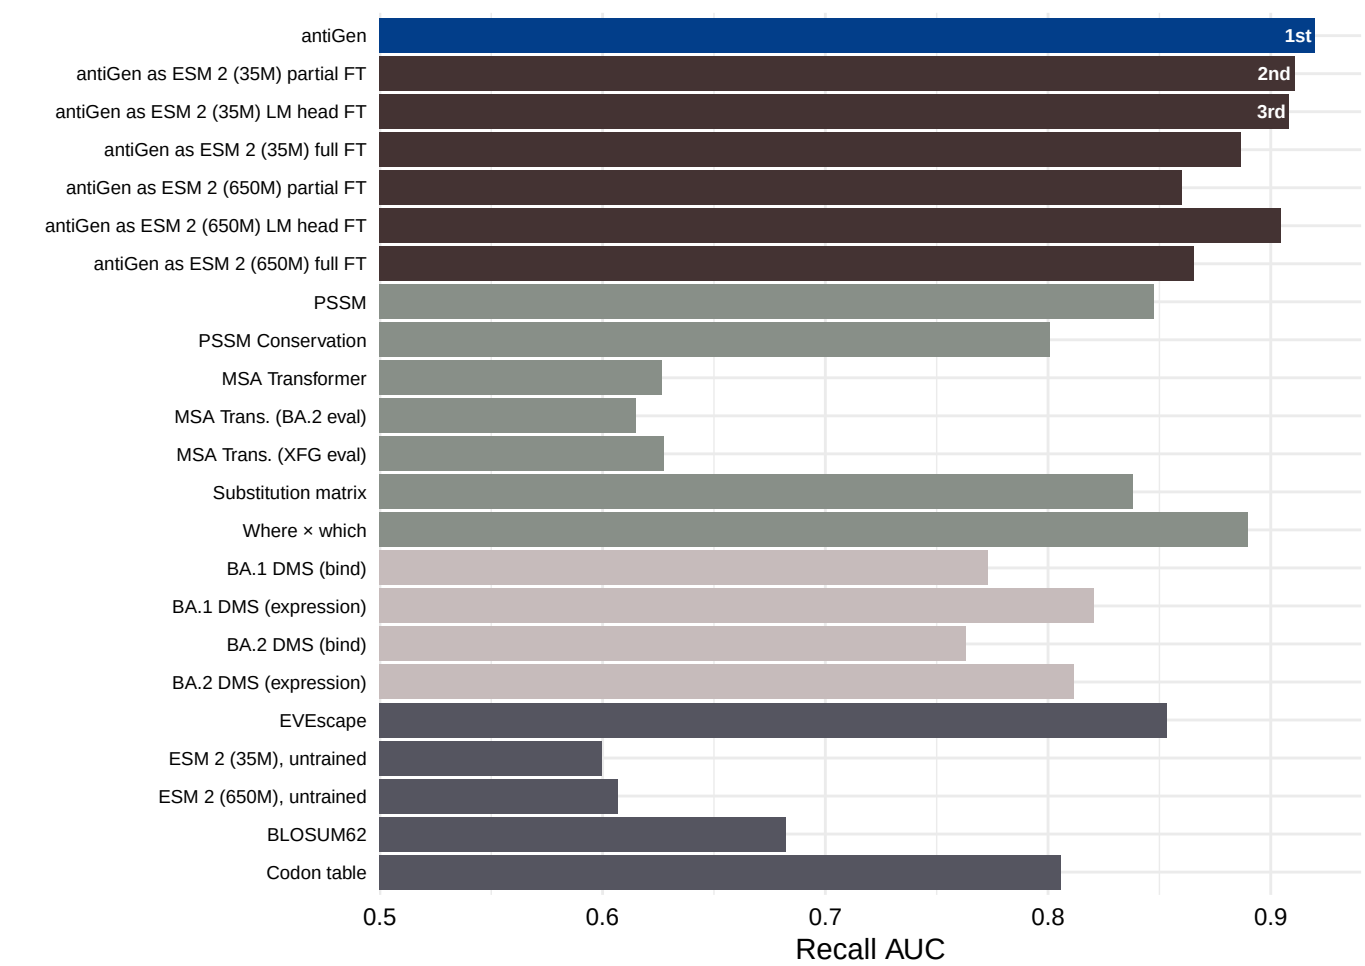
C Top decile, all list cells, event−weighted [20 AA, revised corpus]

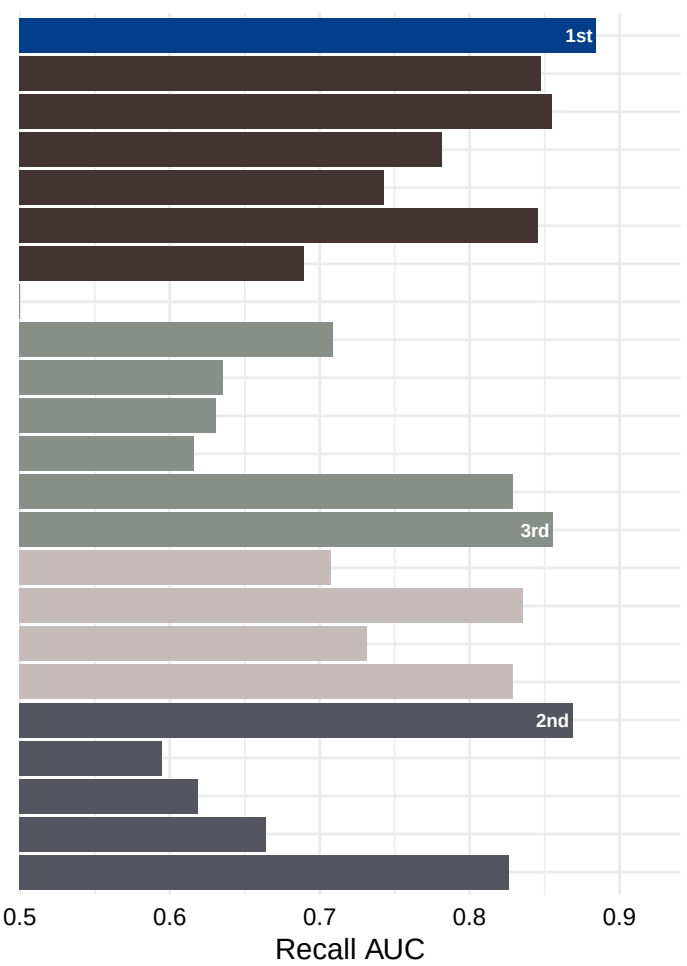


D Top decile, de novo, event−weighted [20 AA, revised corp



E AUC, all list cells, event−weighted [20 AA, revised corpus]





F AUC, de novo, event−weighted [20 AA, revised corpus]
