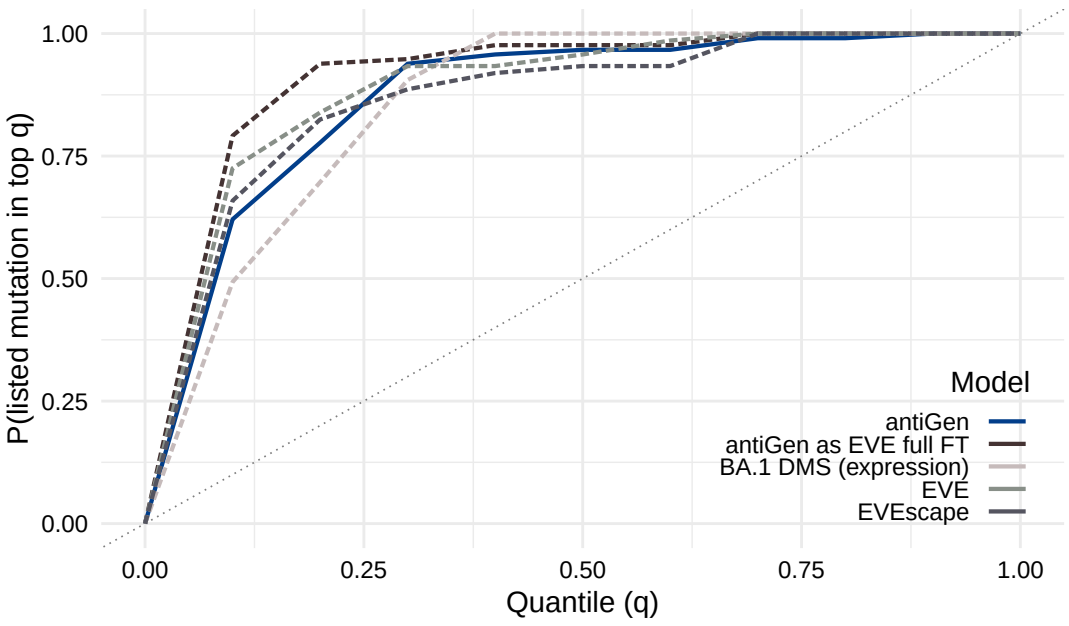
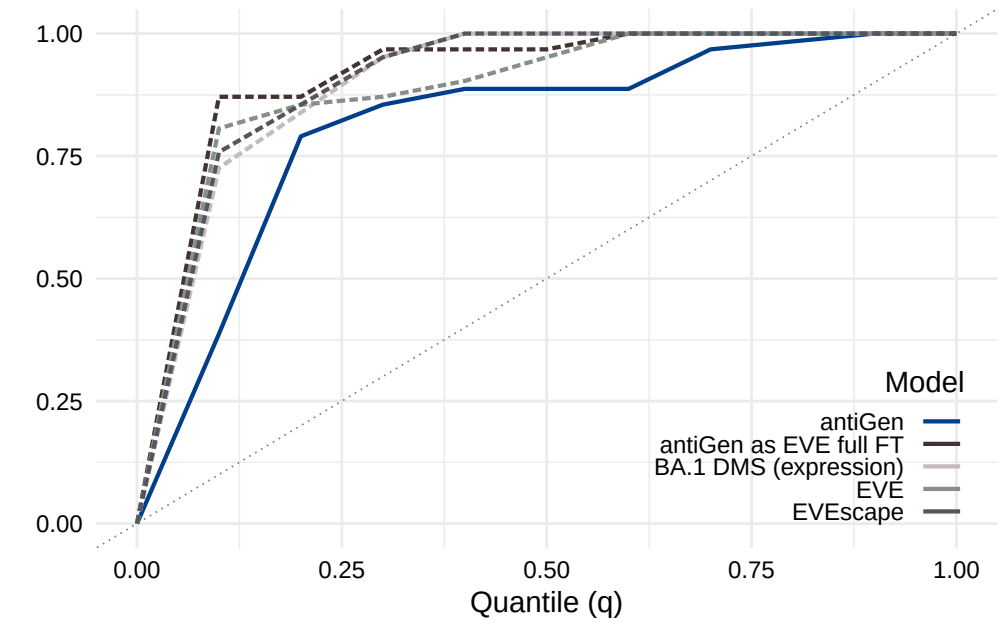
Model type: antiGen | antiGen Finetunes | Deep Mutational Scans | Pandemic Data in Training Window | Pre−Pandemic Data Only

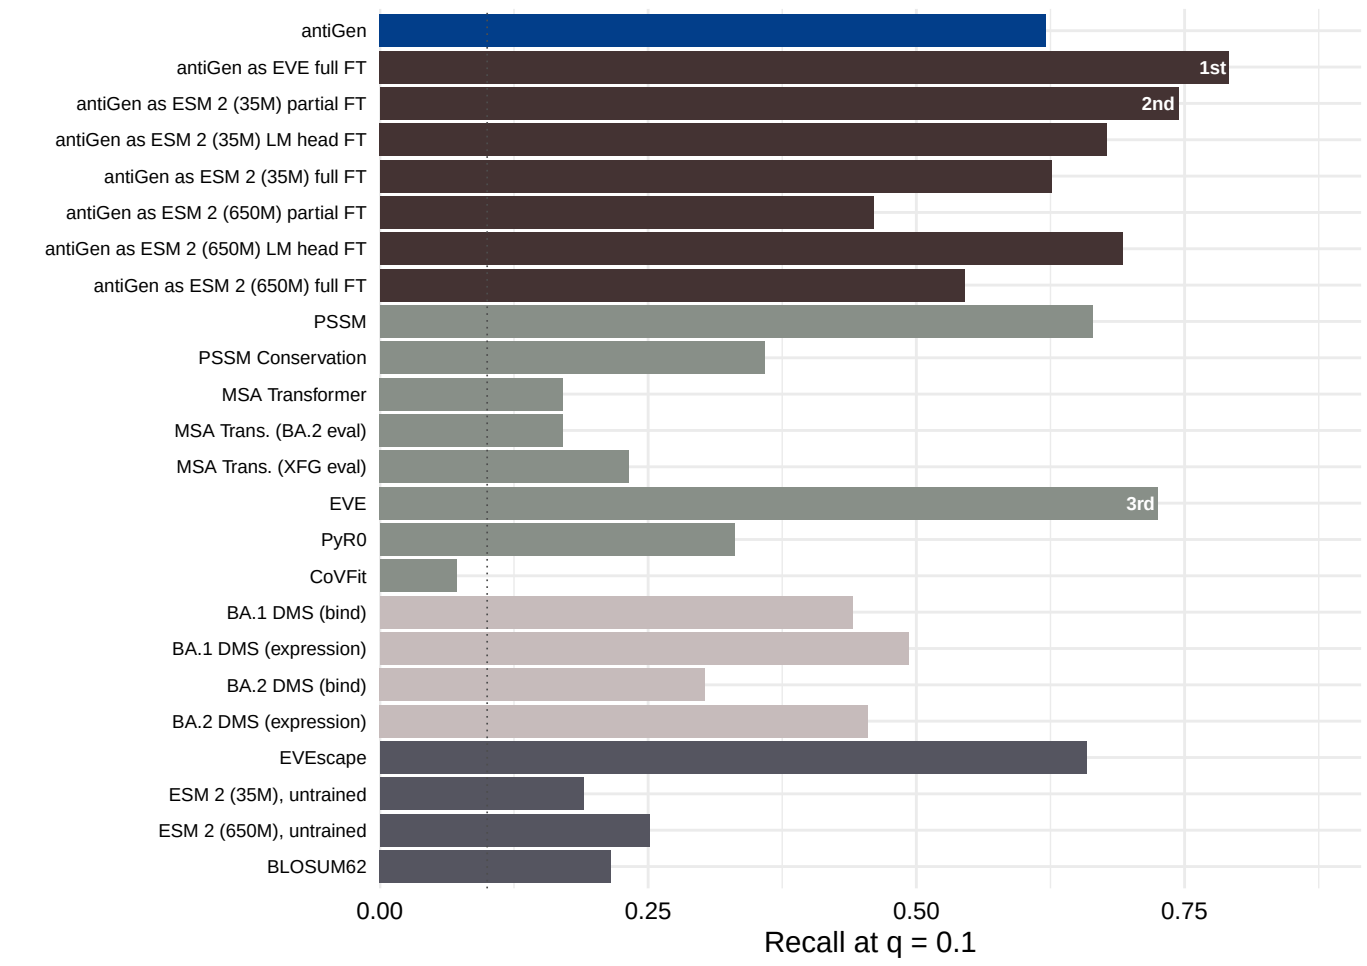
A Recall, all list cells, event−weighted [backbone]



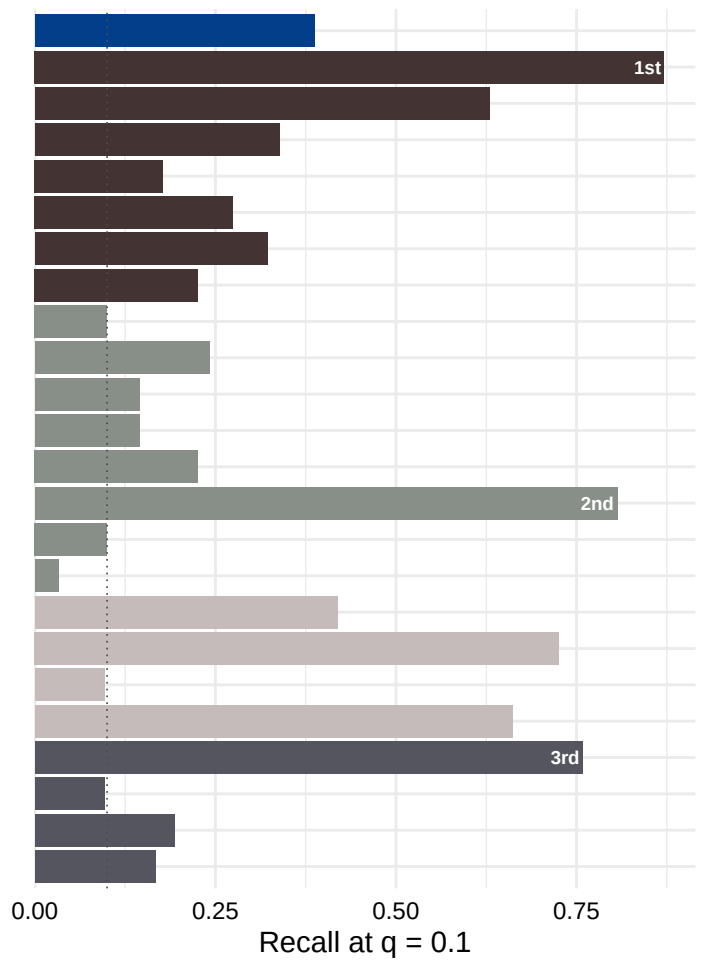
B Recall, de novo, event−weighted [backbone]



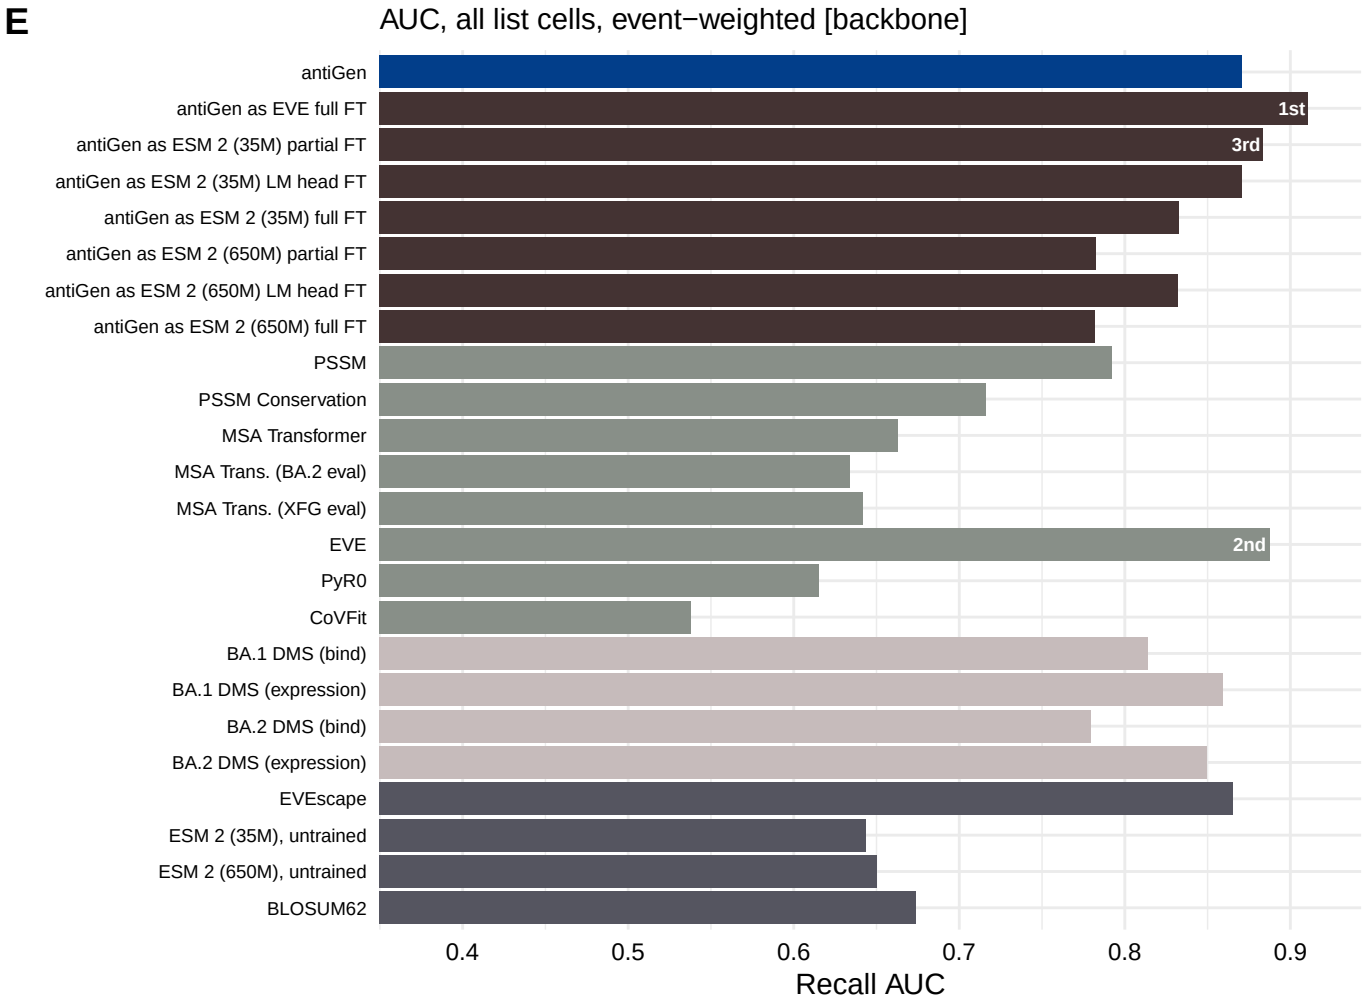
C Top decile, all list cells, event−weighted [backbone]



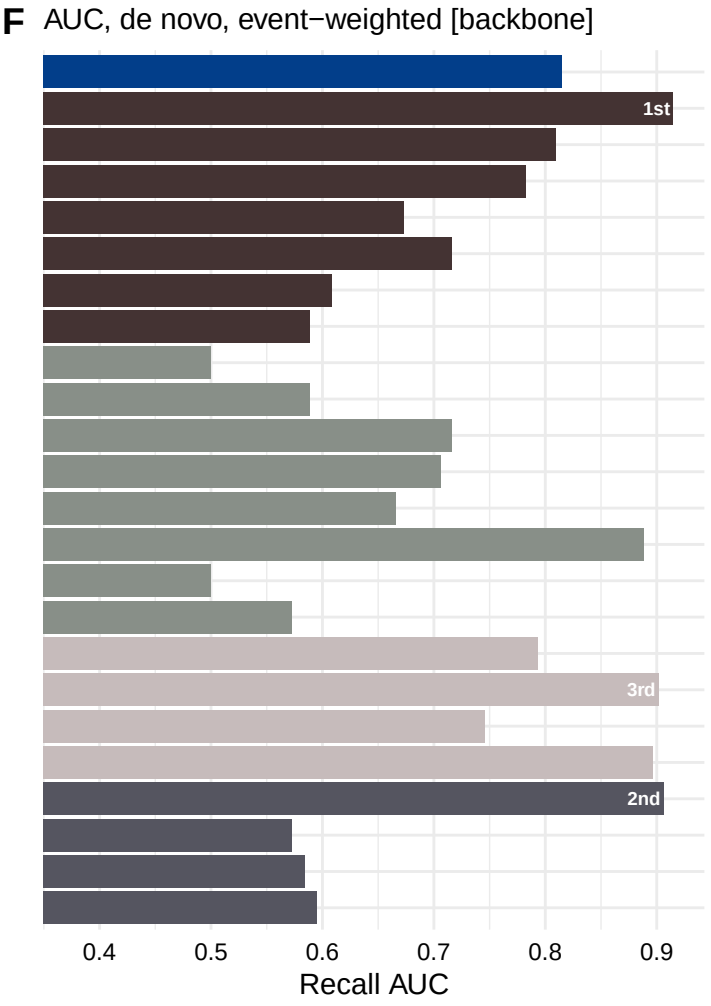
D Top decile, de novo, event−weighted [backbone]



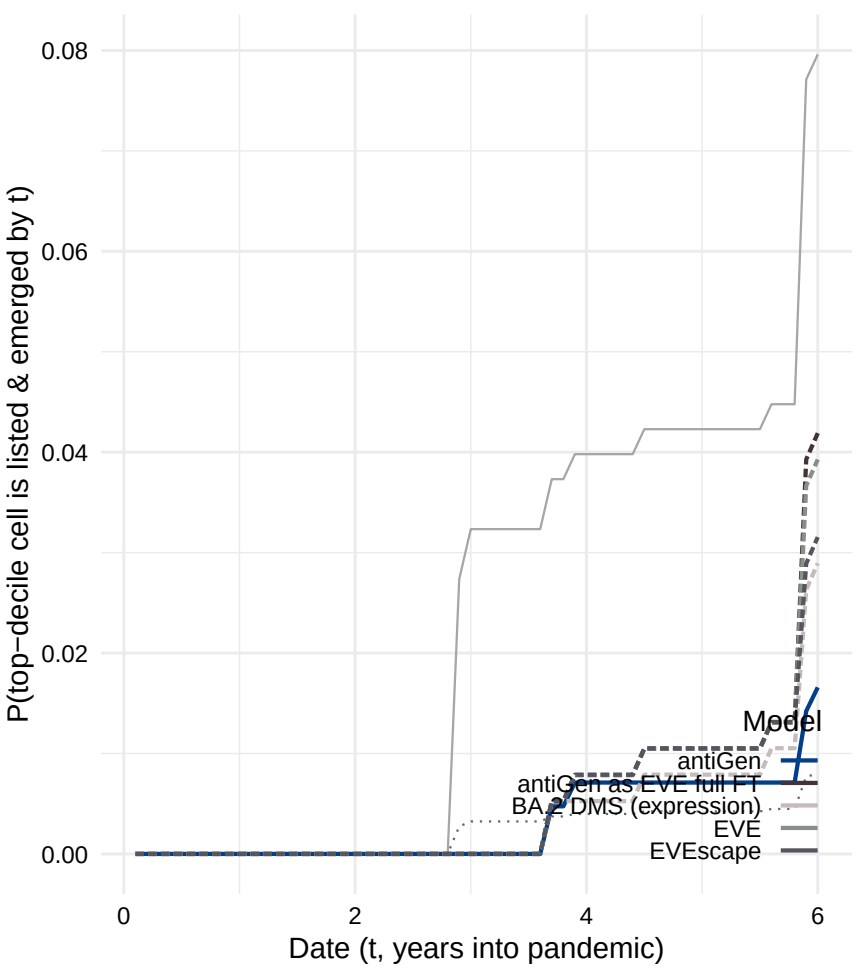
E AUC, all list cells, event−weighted [backbone]

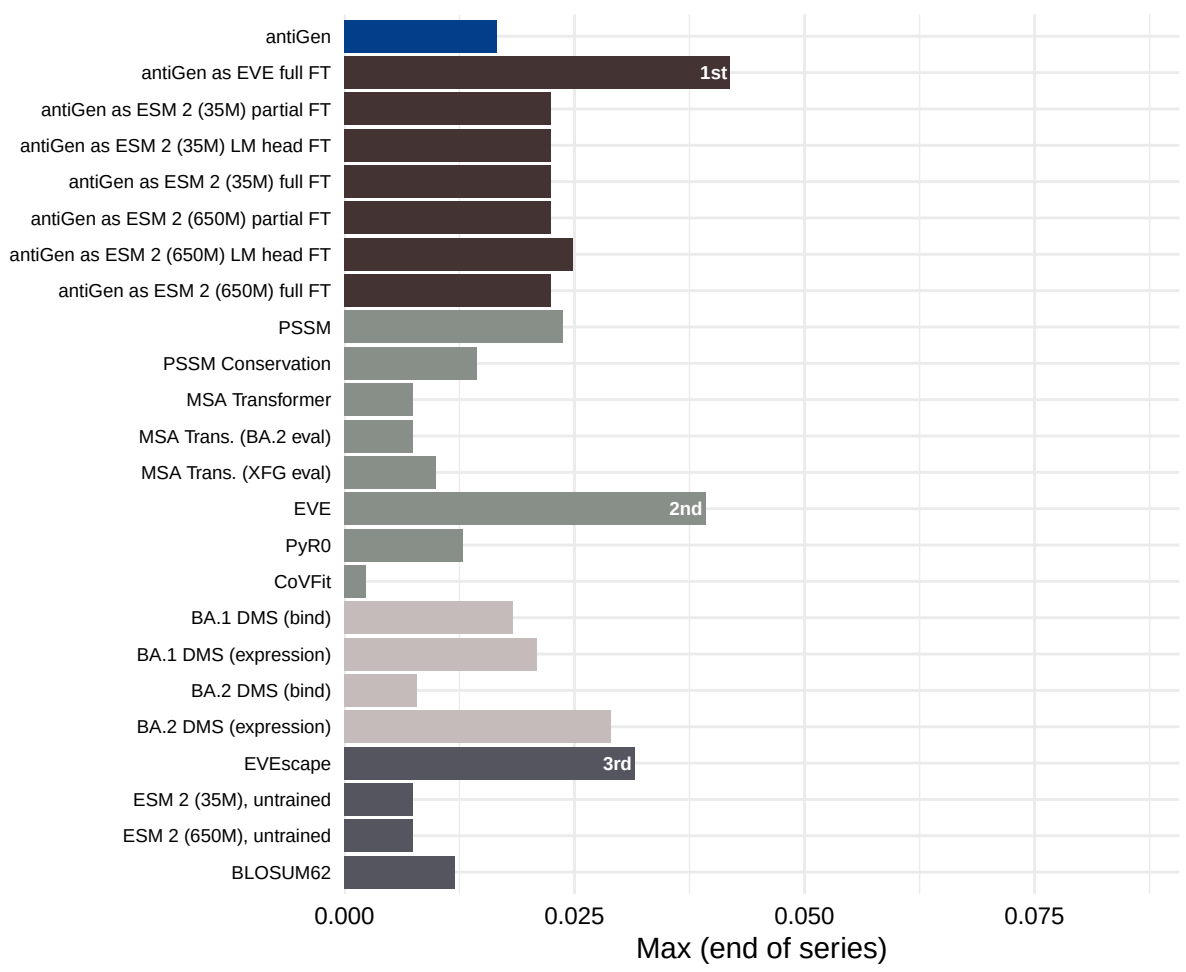


F AUC, de novo, event−weighted [backbone]



G BA.2 top decile, emerged 100+ cases [backbone]





H Max yield, emerged 100+ cases [backbone]
